About us

Cubix designs, produces, and installs the highest quality contract bedroom furniture and bespoke joinery for student accommodation projects.

We manufacture exclusively for heavy usage contract projects, you can be assured that all furniture has the durability to withstand the arduous treatment typical of university residence.

Whether choosing a selection from our university ranges or a bespoke design for a public area you can trust Cubix to design, deliver and install quality goods to the highest standard.

Traditional craftsmanship fused with cutting edge manufacturing technology is the perfect formula for producing outstanding quality furniture. This, along with our meticulous attention to the finer details of both the product and its installation, is what differentiates us from many of our competitors.

Design

Our experienced technical design team work closely with architects and interior designers to constantly value-engineer your specifications. To ensure that every detail is considered to maximise the visual impact whilst ensuring the best return on investment.

Smart designs, functionality and a keen eye for detail are pivotal to everything we do at Cubix. We produce comprehensive scaled working drawings for approval before production commences. For many of the architects and designers we work with, this facility saves them a lot of valuable time, assured in the knowledge that they are in safe hands.

Installation

Cubix installation teams are all well qualified joiners who take great pride in their work and maintain a keen eye for detail. This experience reflects in our quality of workmanship and in the speed of installation to minimise expensive down-time. Our fitting teams continue to build first class installations within challenging timescales.

THE AUTHORS COLLECTION

Austen

A contemporary range that beautifully combines rich timber effect finishes on the cabinetry with a stylish architectural chrome or brushed silver leg detail. The external metallic frame also makes the Austen range particularly robust when installed in severe contract environments. The ski leg detail also facilitates any moving of furniture if rooms are reconfigured or for cleaning purposes. Chests of drawers, bedsides and desks can all be supplied as fully lockable units if required.

Beckford

A well-designed suite of furniture that can be customised at no additional cost with all doors, drawers and shelving available in contemporary accent colours to provide a more individual interior scheme. The airy open shelving units present an opportunity for students to display their personal belongings whilst not being overly obtrusive on the wall of a smaller study bedroom.

Wordsworth

A modern range with crisp clean lines available in a range of finishes. Desks can be supplied with or without storage extensions and an up-stand to the back of the desk top to neatly accommodate electric socket plates. The range incorporates various storage options both at high and low levels to maximise the available footprint of even the smallest of study bedrooms. Storage units are also available with lockable cupboards and drawers if required.

Blake

A contemporary asymmetric study bedroom suite of furniture with budget driven projects in mind. Blake makes ironmongery superfluous to requirements as a neat finger pull cut-out design adds both an individual styling whilst providing practicality. The range is equipped with a wide variety of storage options, drawer and door fronts can be supplied to match with the outer carcass or can be supplied to contrast via a choice of contemporary colours.

Tolkien

A modern study bedroom suite boasting clean lines and functionality. This affordable suite of furniture is a perfect solution for a budget driven project, without compromising on style. The range utilises the available space ensuring that storage isn't an issue, even in the smallest footprint. The under-bed space is utilised with a large drawer and the incorporated desk shelves are an ideal place to store text books. The wall mounted shelf offers a space for students to display personal belongings keeping the desk space clear, while remaining unobtrusive to surrounding space.

Bespoke

We cater for all aspects of bespoke joinery typical of university public interiors such as bars, reception desks, canteen server units, library furniture and lockers.

Our experienced product designers work closely with architects, interior designers and clients with their bespoke design briefs. We produce 3D visuals and prototypes to ensure everyone is happy with the design prior to production.
